

SBA Paycheck Protection Program – 2nd Loan How to Apply

This document will give you instructions on how to apply **if this is your second PPP loan**. If you have not yet received a PPP loan in the past, then you will need to close this document and instead open the instructions for applying for your 1st PPP loan.

In order to apply for the SBA 7A PPP (Paycheck Protection Program) loan, you will need to complete certain documents and bring to the bank. PDF and Excel documents can be completed using your computer, **then saved and printed**.

The following provides you with a list of what items you will need to prepare. All of these necessary documents are available to you on the bank's website so that you can prepare these either at home or at your office.

1. Application

- This is the SBA-designated application form that every applicant must complete. Only one application may be submitted per business. It is recommended by SBA that you submit the application for the maximum loan amount for which you qualify.
- For PPP second draw Borrowers that are Sole Proprietors, Independent Contractors, and self-employed individual filing a Schedule C, and would prefer to use their line 7 gross income, please use the application labeled as Application - Alternate on our website underneath the section labeled "Applying for 2nd PPP Loan?"
- Ensure that the top of the application says "Second Draw Borrower Application Form". If it does not, you are using the wrong application form.

2. Addendum A

- This document is only necessary if you answer Yes to question #3 on the application.

3. Payroll Costs Documentation

*** If you obtained your first PPP loan through One Bank of Tennessee, you used calendar year 2019 for your Payroll Calculation on the first loan, and you are using calendar year 2019 for the payroll calculation of this second PPP loan, then you may skip this step. You can simply use the same payroll amount from your first PPP loan.**

- The SBA requires that you submit to the bank documentation that verifies the average monthly payroll amount that you submit on the application. You must complete the "Average Payroll Worksheet" to complete this calculation. The average should be taken from either calendar year 2019 or calendar year 2020. If your business was not in operation for the full year of 2019, then your date range will be the calendar year of 2020. Your business must have been in operation on or before February 15, 2020 to be eligible to apply.
- If you are a seasonal business, please contact the bank's SBA Department at (931) 559-1613 for assistance with the date range you should use. You are a season business if either apply to you:
 - i. You do not operate for more than 7 months in any calendar year, or

- ii. During 2020, you had gross receipt for any 6 months that were not more than 33.33% of the gross receipts for the other 6 months of the year.
 - Documentation supporting employee and salary information. Examples of acceptable documentation include:
 - i. Payroll Processor Records
 - ii. Income and expense Reports from a Sole Proprietorship
 - iii. Payroll Tax Filings (IRS Forms 941, Form 1099-Misc.)
 - iv. 2019 or 2020 Tax Return (depending on calendar year chosen)
 - If your business is in the Accommodation and Food Services sector and use a 3.5 multiplier to determine your loan amount, you must provide your most recent IRS tax return that shows your NAICS code begins with 72.
4. 2019 to 2020 Revenue Reduction
- You must provide documentation to show that your business experienced a revenue reduction of 25% or greater in 2020 relative to 2019. This can be shown through company quarterly Profit-&-Loss (P&L) reports, QuickBooks reports, 2019 and 2020 tax returns, journal of sales activity, internal records, bank statements, or any other reports that document the amount of gross revenue for the business.
5. Company Documentation
